

OCT. 26 IMPORTANT COVID-19 UPDATE

On October 26, 2020, Alberta Health Services (AHS) announced additional mandatory and voluntary public health measures for the City of Calgary. They have also announced changes to the health measures previously put in effect for the City of Edmonton.

MANDATORY Measures for the City of Edmonton and City of Calgary

- Keep your family and social gatherings small - no more than 15 people.

VOLUNTARY Measures for the Edmonton Zone and City of Calgary

- ***Limit your cohorts to no more than 3: your core household, your school, and one other sport or social cohort.***
- Young children who attend child care could be part of 4 cohorts, given that child care settings have not been a high risk for spread.
- Wear a mask in all indoor work settings, except when alone in a workspace like an office or cubicle where you are safely distanced from others, or an appropriate barrier is in place.

AHS has indicated that these additional health measures will be in place until the end of November.

While these new measures are only currently applicable to the identified regions above, we encourage all our members to remain alert to the changing conditions in your areas. Things can and will change rapidly, so let's all stay safe and follow the guidance and rules put forward.

**Together, the soccer community in Alberta can support a safe Return to Play.
Let us remain vigilant in our commitment to this end.**
