MEMORANDUM

TO: All ESA partners, league operators, participants and spectators

DATE: September 16, 2021

SUBJECT: Proof of Vaccination Status

There have been a number of new regulations and restrictions implemented in Alberta, which have the potential to greatly impact our operating processes.

In order to continue to offer services, particularly our partner leagues, both adult and youth, we need to be compliant with the Restriction Exemption Program, which goes into effect on September 20th. As part of this, for entry to any of the Edmonton Soccer Association facilities, one of the following will need to be provided for all individuals over the age of 12:

- **Proof of vaccination**
 - There is a leeway period up to October 25th for individuals who have received only one vaccine, but it must have been administered a minimum of 14 days' prior to the current date.
- **Proof of vaccination medical exemption**
 - Similar to mask exemptions, this would be a document from a medical professional (doctor, nurse practitioner) that confirms a person is physically incapable of receiving any of the COVID-19 vaccines.
- **Negative COVID-19 Test**
 - A negative test is only valid for 72 hours
 - The negative test(s) cannot be ones issued by Alberta Health Services or Alberta Precision Laboratories, they must be privately paid for

Identification may be required to confirm the identity of the individual listed on the documentation.

Please do not hesitate to reach out to us directly with any questions or concerns.
