

# Parking at the Edmonton Soccer Dome

Please find below a simple overhead representation of our facility parking lots.

Families are asked to enter off of Ewing Trail (closest entrance to the Edmonton Soccer Dome), and look for parking in the Main Lot. If they are unable to find parking, we are asking them to continue west inside our property.

There are two "overflow" parking lots, the first of which is adjacent to the Soccer Clubhouse. If there is no parking available in Overflow Lot #1, vehicles should then travel to Overflow Lot #2.

Vehicles parked in Overflow Lot #2 will exit directly from that lot onto 101 Street SW.

Combined, there are over 400 parking spots available on facility grounds. We hope that by educating families that we have overflow parking available, it will improve their experience at the Edmonton Soccer Dome.
