

# Game Sheets

Both the Home team and the Away Team will be required to download and print off their own game sheets for every game from the EMSA Portal. See Season Information on the EMSA website or your team official handbook for how to download and print game sheets. If a team forgets their game sheet and does not have an official blank EMSA game sheet printed from the EMSA website, then the team will default the game and an administration fee of \$100.00 will apply. We do not accept hand crafted game sheets on pieces of blank paper.

- Once the game sheet is downloaded, the following information will be auto-populated on your game sheet by the EMSA Portal: date, time, field, division, home team name, away team name and all player's names. If you use EMSA ID cards, all of your ID numbers that have been processed will also auto-populate.
- For player's jersey numbers, coaches will need to log into the EMSA Portal account only once prior to the season beginning and add their player's jersey numbers next to their player's names. Once this is done, the player's jersey numbers will auto populate for all future games. This can be changed at any time during the season.
- Teams will still need to handwrite the following information on their game sheet:
  - Team Official names and ID card numbers (EMSA currently does not limit the amount of team officials that can be on a roster so we cannot auto-populate this section as the Portal doesn't know which team officials to add to which game)
  - Bench Attendant name (if applicable)
  - Ref Liaison name
  - Team Official Signature
  - Trialist Names and Jersey Numbers (if applicable)
- If there are any player's names missing off of the game sheet, you can handwrite their information in but ensure they are on your EMSA Portal roster first before playing them.
- There are no carbon copies of the game sheets so if either team would like a copy of their game sheet, they will have to take a photo of it with their cell phone or other device.
- For rescheduled games, teams will need to reprint the game sheet for the new date once that new game has been confirmed in the EMSA Portal.
